Why I Loved This Year's Virtual

Food & Farming Day?

Tell us why you loved this year's virtual Food & Farming Day in 50 - 100 words or a poem along with an accompanying picture and win some amazing prizes for your school.

This year is our 8th Food and Farming Day, though for the very first time it will be delivered virtually online at www.kids-country.co.uk

We have collated together a selection of the best activities and learning zones from the past seven annual Food & Farming days held at the East of England Showground, along with some brand new content. The Kids Country team and everyone else involved are encouraging you to celebrate the event with us and join in whether you are at home or back in school.

After the event on July 3rd 2020, we then want to hear from you to know what were your best bits of the day, please tell us in your own words or a poem.

It could be the black nose sheep, pigs playing in an apple orchard, bees buzzing in the observatory, making burgers, sausages or even butter. Perhaps you liked the farm machinery old or new. The carrot process is quite amazing, or visiting an African school.

Go to our [website](http://www.kids-country.co.uk) where you'll be able to navigate yourself around the virtual event

Write about the best bits of our virtual Food & Farming Day

Title: Why I loved this year's virtual Food & Farming Day

We want students to put on their creative flat-caps and write about their experience of the day in words or a poem and then draw/design a picture to accompany their writing.

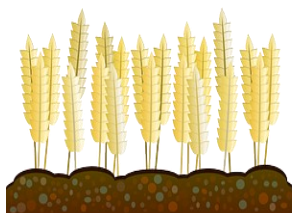

We are passionate about making the Food & Farming day special for you, so please let us know what you thought of the day in no more than 50 to 100 words written up on a A4 sheet of paper.

Then using another piece of paper or card, draw an accompanying picture to illustrate your favourite part of the event. You can use felt-tips, painted tissue or cardboard. **The only limit is your imagination!**

Competition criteria

- Cut out pictures from magazines may be used to enhance your picture
- Your word count must be between 50 to 100 words
