

RSE Short Webinar Series

These 5 short briefings are funded by Cambridgeshire Public Health. They are designed to address areas of potential concern, to raise awareness and build confidence for teaching staff and school leaders, including governors. Colleagues booking places will be asked to contribute to the evaluation of the programme through online forms. Colleagues may sign up for one or more of the courses. Multiple attendees from each school are welcome. Recordings of the briefings will be available.

Relationships Education (primary), RSE (secondary) and Health Education are statutory in all maintained schools. These briefings will help all members of the school community build confidence in addressing different aspects of Relationships Education and RSE provision.
